Working together: Fire managers & archaeologists

November 27-29, 2018 in Tucson, Arizona

Join us for an interactive workshop where we'll develop a framework for fire managers and archaeologists (and READs) to work positively together!

Topics covered during the workshop:

- How can fire managers and archaeologists effectively work together?
- Process— roles and responsibilities and how to better communicate before and during wildfire events
- Build an inclusive planning process
- And more...
